

Killeavy

Castle Estate

Our chefs work alongside our farm and gardening teams to bring the best from our working farm, walled and estate gardens to your plate.

We have sourced some of the finest produce from the island of Ireland using as many local suppliers as possible to champion what can be produced here on our doorstep.

As part of our sustainability policy, 90% of the food that we serve in our Restaurant is either produced onsite or sourced within 20 miles of our Estate.

We hope you enjoy your meal this evening.

Our suppliers include...
